We do have a lot to prepare before our next guests arrive, so we ask that guests are ready to leave promptly at these times unless otherwise arranged with us.

We offer guests a contactless check-in. This means our guests can arrive at The Tabernacle and safely check in without unnecessary contact with another person(s). Rest assured, the team are on hand if you have any problems, just get in touch and we'll be there to help.

We aim to answer all your questions about the Tabernacle in this PDF so that you can get on with your holiday with out being bothered.

## **Parking area**

Our carpark is a shared space, it is for The Tabernacle and our other amazing space Stella, please park logically. So that everyone has space to get in and out. We advise that you drive in and turn your car so the it's easy to leave.

## **Snow**

In the event of snow or extreme ice during the winter; if you do not have a 4WD, please leave you car at the bottom of our drive in the parking bay on the left hand side, just after you turn up our drive. There is a sign that says 'Tabernacle Parking'. This land belongs to us.

Take great care on the stone steps and around the Hottub it can get very slippery.

## **Hottub use**

The hot tub lid slides off, we advise that you allow it to rest to the side of the Hottub or on the deck around the tub.

**After you have finished you must replace the Hottub lid or all the heat will be waisted. It can get very windy so please remember to re-clip the lid after every use.**

Please wash before you get in the tub and remove all heavy makeup and fake tan. If you do, the Ph of the water will be affected and we can not guarantee that the water will stay clear.

Please not use our towels to wipe heavy foundation or fake tan off your body. If towels are left with stains from makeup or mud you will be charged to replace towels that are stained.

**By using the Hottub you are automatically agreeing to our Hottub disclaimer, which can be found at the bottom of this PDF and in**

**the terms and conditions section on our website, please read it for your own safety. We do not claim any responsibility for guests while in or around the hot tub area.**

## **Parties**

**We have a strict no party policy at all our spaces. We ask that our guests respect the tranquility of the area and the neighbours by not playing loud music outside or are super loud at anti social hours in the hot tub.**

## **Wood**

Wood is charged by the bag, there is a box outside the Tabernacle containing enough bags for your stay. If you use the bags we ask you pay via the airbnb Resolution Centre if booking via airbnb after your stay. If you have booked via the website we will invoice you after your stay. That way you only pay for what you use. If you ever need more wood please send us a whatapp and we will arrange for your wood box to be topped up.

There is a fire pit and a wood burner that you can use. Please be very careful when building fires.

We ask you to be very careful when operating our wood burner. **The door must be kept shut at all times when the fire is burning.**

Hard wood per bag - £8

Kindling per bag - £5

## **Washing machine and tumble dryer**

The utility area for the Tabernacle can be found in the small shed to the right of the Tabernacle.

## The coffee machine

We love good coffee and are lucky enough to have the Fabulous GlenLyon coffee company based in Aberfeldy. If you pop in they will grind you up the finest small batch beans to use during your stay. They have a lovely coffee shop too

<https://www.glenlyoncoffee.co.uk/>

## To make the perfect cup of coffee

**The water chamber must be full of water, please check before using the machine.**

- Turn the machine on using the left switch
- Allow it to heat up to 90
- Add your coffee grounds to the removable handle
- Attach it to the machine using a upward turning motion
- (make sure its tight and aligned correctly )
- Flick the middle switch
- When you have finished adding coffee flick the middle switch again stop flow.
- Use the left switch to turn off the machine
- 
- **Please turn off the machine after every use; or the element will burn!!!**
- 
- If you want to froth milk: turn the right hand switch on and wait till the machine reaches 130
- You will need to use the black knob on the right side of the machine to froth the milk
- Place milk in a glass, twist the knob until the milk is hot and frothy
- Clean any milk off the silver spout after every use
- Turn the machine off using the left hand switch
-

## **Locking the Door**

The Tabernacle has a combination box that contains the key. You will be sent the code once we have received your booking payment

## **Security**

Please always lock the door and the windows when you go out. We do not take any responsibility for your personal things when staying at The Tabernacle.

The village is very safe. Mostly we all look out for each other, and to date we have never had a problem with theft.

## **Your Award winning Super King Mattress**

We did a lot of research in to your bed. When we travel there have been too many times that we have woken up in a beautiful place having had a terrible night sleep.

It was one of the most, if not the most important thing for us to offer you a fantastic bed and bedding so that you leave The Tabernacle rested and happy.

Your bedding is 100% pure Egyptian cotton

## Heating

The heating control is located to the right hand side of the vestry bedroom door and will be thermostatically set on a timer. Please do not fiddle with the settings. If there is any issue please send us a WhatsApp message and we will help you. If you are not warm enough you can also lite the wood burner.

In the winter a combination of the central heating and the wood burner will make the house super cozy.

Please remember heat rises, so we advise that you don't feed the fire too much just before bed as it will become tropical up stairs.

## Hot water

The Tabernacle has constant hot water.

## The Loo

Please do not flush anything but loo Roll down the Loo. Please never add bleach or your own detergents in to our septic system. It is a private ecological system and can be damaged by harsh chemicals.

## **Lighting**

### **main space**

**If any of the bulbs start to flicker please let us know and we will replace them, it means they are about to expire.**

The main lighting switch is to the right of the door by the fridge.

There is a switch by the kitchen bin, just under the counter top that turns on the lighting for the cupboards under the counter.

There is a down lighting switch for the kitchen area below the shelves to the right of the hob.

The light above the kitchen table is turned on from its fitting

The sitting room has a switch on the right hand side before the burner. The two lamps turn on under there shade.

### **Bedroom**

Main bedroom light is a pull switch at the top of the stairs.

Bedside lights - see switch on the lamp

Bathroom lights - outside the bathroom on the left

### **Lighting outdoors**

Outside sensor lights illuminate as you leave

Hot tub decking lighting - work on a timer

Hot tub lights can be found on the control panel of the hot tub

The outside lighting around the house is on a timer and will come on at 4pm and turn off at midnight.

## **Please Never turn off the Hot Tub by accident**

### **Smoke Alarm**

If the alarm goes off during your stay you can find the switch to turn it off inside the vestry bedroom by the door. It is clearly marked and bright red.

### **Fuze Box**

This is located under the stairs

### **Our Garden**

Nestled in our organic vegetable garden is Stella, our 1973 Luxury Airstream. We have designed the garden so our two spaces have total privacy. We ask that you respect their privacy. Please enjoy the garden all the way around the Tabernacle. The lower meadow is for all our guests to enjoy. You can access the lower meadow by taking the steps down from your hot tub. Please be careful as these steps are very steep and can be slippery!

Occasionally, Dave the strimmer man will arrive to cut the grass. Its a very annoying sound... I apologise in advance if this happens while you stay...we will do everything we can to time it so that our guests are not around but it is not always possible.

## **Walks directly from The Tabernacle**

Many more adventures can be found under **Explore** on our website

Above the carpark is Rose Cottage Field which is co-owned by our family. You can access Dull woods by passing through the field, around the chicken coup and in to the woods. Once in the woods you take the path to the top of the pine trees. When you get to the top and in to the clearing you can go right along a path that follows all the way along the edge of the field and spits you out through a series of gates. After the second gate you have the option to turn left towards Camserney or Right towards Dull. If you go towards Dull you can continue through a third gate and pass through the whole village and eventually back up our steep drive home to Stella

If you decided to go left after the second gate you can walk to the pretty village of Camserney. Once you get there turn right through the village and right again on the main road. After the community gardens on your right and the wee bridge there is a foot path that will take you safely to the turn off to the village of Dull. Why not stop off at the Highland safari park for a coffee on your way back. They serve breakfast and light lunch's and offer lots of excursions around the local area. Including a boat trip on Loch Tay.

If you fancy a much longer adventure then turn left at the top of Dull woods. You then walk along for some time before turning right and winding up and up along a forest road through the forestry commission forest. If you persevere you reach Dull lookout point and have a staggering view across the valley and in to Loch Tay. Its directly above our property ..

**Our Amazing Spring  
‘Little Yew’**

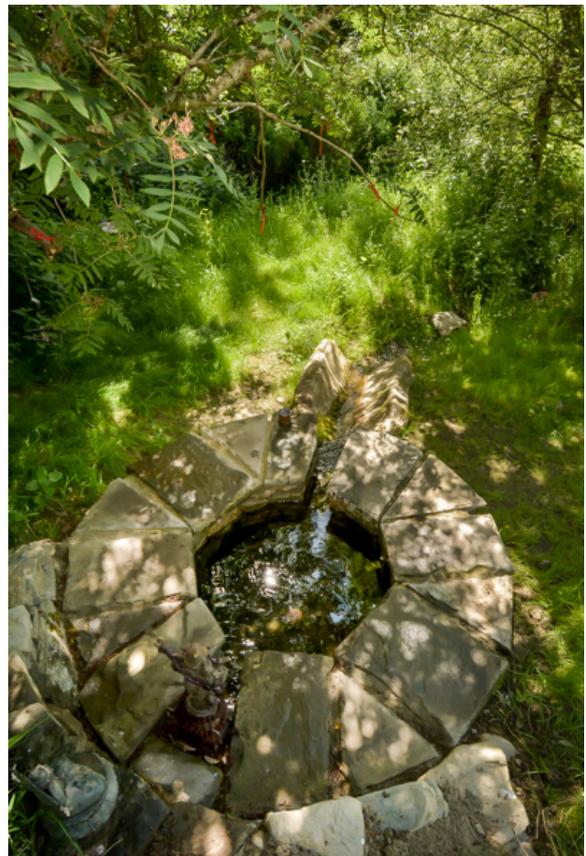

If you wander down the garden to our wildflower meadow, you will see a Rowan tree covered in red berries in the autumn. Just beside this is our spring.

The spring was the original source of water for the village of Dull and was described in the 1800's as have miraculous qualities. From the period of 2016-2019 we worked very hard to level the area around the spring to create a wild flower meadow to attract and encourage the wildlife to thrive at The Tabernacle.

In the spring of 2019 we built a beautiful Well around the spring to honour this amazing source of water.

The water has been tested and is perfectly pure, please feel free to fill up bottles and drink as much pure Scottish spring water as you wish.

The water coming out of your tap spring water we have added a filter tap in the kitchen should drinking pure spring bother you.

## **HighlandSpaces HotTub disclaimer;**

1. Always keep the hot tub covered when not in use. This will conserve energy and more importantly prevent animals and young children from falling/climbing in. It will also help prevent dirt and debris from getting in. Always drain any standing water from the cover.
2. If your hair is long, put it up in a ponytail or bun to avoid getting it caught in the filter or drain.
3. The temperature is set @ 38 Celsius degrees = 100 Fahrenheit, please don't play with the temperature control, note; If you increase the temperature Make sure the hot tub is at the appropriate temperature, taking in to consideration the people who will be using it. Children should never be in a hot tub if the water is warmer than bathwater (about 90 Fahrenheit = 33 Celsius degrees). For adults, maintain the water temperature below 104 Fahrenheit = 40 Celsius degrees.
4. Avoid drinking alcohol or using drugs in the hot tub. The hot water will amplify and speed the effects of any alcohol or drugs. Alcohol makes you drowsy, and falling asleep in hot water can be very dangerous. In addition to the risk of drowning, your body cannot regulate its temperature as well when you are asleep, which can lead to dangerous overheating.
5. Similarly, avoid using the hot tub when overly tired, or at least have a more alert person join you to wake you up.
6. Never use electrical devices (including phones, radios, TVs or any other corded device) in or near the hot tub. If you must have one nearby, use a battery-powered device and place it on a table a safe distance from the water. Be sure all electrical outlets are a

safe distance from the hot tub as well, in keeping with local building codes. Corded devices and outlets present a real risk of electrocution if they get wet!

7. Always shower with soap and water before and after using a hot tub. . Please remove facial foundations and fake tan before using the hot tub. Failure to do so will cause the hot tub to change colour and can result in an alteration in Ph. Showering before will prevent lotions and skin oils from gunking up the filter and prevent bacteria from entering the pool, and showering after will help remove any chemicals or bacteria that linger on your skin, preventing rashes and infection

8. Be cautious when using the hot tub during the winter. If the temperature outside the hot tub is below freezing, water splashed over the edge can quickly freeze into slippery ice. Be careful when exiting the hottub

9. Your reservation is confirmed when the booking fee has been received. The booking contract is between the client/Hirer and HighlandSpaces. Once the client/ Hirer enters into this agreement with HighlandSpaces they also agree to the hot tub disclaimer terms and conditions.

Use your common sense and enjoy!

**I the client/hirer agree to the disclaimer**
